TODDLER SOFT PLAY

The new Toddler Soft Play is specially designed for children aged 0-3 years. Based on an in-depth study of toddler's movements such as squatting and climbing, we have designed toddler soft plays that are more suitable for young children than the traditional equivalents. Purposefully designed and made with safe and clean materials, our soft play products can fully release the children's curiosity nature. Children always wanted to do more, our products encourage them to remain enthusiastic about trying new things and learning new skills. Even at a young age, children can develop a behavioral pattern of loving exercise, and this effect can continue to benefit their growth.

RAINBOW NET

The structure is made up of woven mesh yarn. It mimics an ant's nest and creates an intimate space for children to play. Not only can the children have fun climbing inside the net, but the vibrant shades also help sharpen their sensitivity toward colors and boost their imagination.

JUNIOR WARRIOR COURSES

Junior warrior courses is a competitive challenge courses designed for children. A mixture of challenges can train a child's physical strength, speed, coordination, and flexibility. The moderate level of difficulty coupled with the foam pit as protection gives a sense of security for the children to take on the challenges fearlessly, and to reap the reward of heightened confidence as they complete the obstacles.
