SERVICE

Should the customers need any help, our dedicated after-sales service team is always there to support.

- After-sales service department inspects products after installation, to make sure all is installed by standard
- Timely response to any maintenance needs, to minimize downtime of the customer's operation
- User Manual is provided; we can also help customers with staff training on maintenance and service

SAFETY

Safety is always our first priority, we meet all major international safety standards, and implement the safety disciplines and practice in every process of our work.
